Lightweight Small RV Trailer

Description:

Composite Box specializes in the field of small refrigerated/freezer trailers and is a professional solution provider. Using FRP or CFRT foam panels, we create high-quality trailers that can meet the length requirements ranging from 2.5 to 8 meters. They are suitable for transporting food, flowers, pharmaceuticals, etc., providing reliable support for all links in the cold chain.

Features:

- Diverse sizes available, with options from 2.5 to 8 meters and single, double, or triple axle configurations.
- Employing XPS or PU foam, providing strong insulation and temperature control from -20 ° C to 50 ° C.
- Offering over 15 kit options and supporting customization.

Kits:

Advantages:

1. Superior Insulation: The combination of XPS and PU foams, with panel thicknesses ranging from 30 to 120 mm, allows for adjusting the density as needed, ensuring excellent insulation and meeting different temperature zone requirements.
2. Durability: The outer shell is made of high-strength fiberglass, which is waterproof, resistant to damage, and corrosion-proof, maintaining its appearance even in harsh environments.
3. Flexible Customization: Supporting comprehensive customization to meet diverse business needs.
4. One-stop Service: From production to installation, we provide convenience for dealers and rental companies, saving costs and time.
