Fiberglass PET Sandwich Panels for Truck

Description:

Composite Box offers Fiberglass PET Sandwich Panels, an ideal solution for box truck bodies. These panels combine lightweight Fiberglass skin with a rigid PET foam core, ensuring durability and insulation. Designed for refrigerated trucks, moving vans, and chemical transport, they enhance performance with reduced weight and extended lifespan. Customizable up to 11.8 meters long and 3.1 meters wide, they suit various truck parts like floors, side panels, and roofs, delivering efficiency and cost savings.

Features:

Our Fiberglass PET Sandwich Panels feature a 0.5-5mm Fiberglass skin and a rigid PET foam core, offering excellent impact resistance and insulation. Lightweight and recyclable, they support lengths up to 11.8 meters and widths of 3.1 meters. Applied to floors, side panels, rear doors, side doors, front panels, and roofs, these panels ensure resilience, scratch resistance, and low maintenance. Their modular design enables quick installation, making them a versatile choice for diverse truck body applications.

Advantages:

Fiberglass PET Sandwich Panels from Composite Box provide significant benefits: they reduce truck body weight, improving fuel efficiency by over 20% compared to metal trucks. Economical and eco-friendly, the recyclable PET foam and Fiberglass materials lower carbon emissions. Their modular, rivet-free installation ensures quick assembly, saving labor costs. With a lifespan exceeding 15 years, they resist warping and scratches, requiring minimal upkeep. Enhanced insulation (0.03 W/m · K) makes them ideal for refrigerated transport, while impact resistance protects cargo, offering a durable, cost-effective alternative to steel and wood for modern logistics.

Common Parameters

 Customer Satisfaction	 Quality Assurance	 Advanced Production Line	 Customization
Insisting on high quality products and services, centered around customer experience	We strictly control every production process to bring reliable quality assurance to our customers	The world’ s top production line ensures product precision and efficiency	We provide 100% customization, making orders less difficult
