## Custom Box Truck Bodies

### Description:

Composite Box specializes in custom box truck bodies, offering tailored solutions for logistics and distribution worldwide. Our products, including dry cargo, refrigerated, and side curtain trucks, meet stringent industry standards. With over 20 years of expertise in fiberglass and CFRT materials, we provide customizable dimensions, features, and materials like XPS, PU, and aluminum alloy, ensuring durability and customer satisfaction.

### Features:

Our truck bodies feature customizable materials like FRP, CFRT, and aluminum alloy, with options for side doors, roll-up doors, and tail lifts. We use 3D design software for precision and offer insulated panels for refrigerated trucks. With support for CKD and SKD delivery, our products cater to diverse needs, ensuring compliance with industry standards and superior functionality.

### Advantages:

Choose Composite Box for unmatched quality and customization. Our advanced production line ensures precision and efficiency, while strict quality control guarantees reliable products. We offer 100% customizable truck bodies, supporting diverse industries like food, electronics, and special product transport. With 10 experienced in-house engineers, we deliver innovative, high-quality solutions tailored to your specific needs.

### Common Parameters
