box Truck Roll Up Door

Description:

- High-quality roll-up doors for box trucks, refrigerated trucks, and dry cargo vans.
- Available in aluminum alloy and composite materials for durability and lightweight design.
- Complete kits include slats, tracks, motors, control boxes, and installation accessories.
- Customizable sizes and colors to meet diverse commercial and logistical needs.

Features:

- Manual and electric roll-up doors for frequent loading/unloading operations.
- Insulated foam core in aluminum slats ensures thermal efficiency and durability.
- Quick-slide mechanism and one-piece design for easy installation and use.
- EPDM rubber seals provide excellent weather resistance and cargo protection.

Advantages:

- Space-saving design ideal for narrow delivery environments, maximizing cargo space.
- Enhanced security with sturdy frames and impact-resistant slats to deter theft.
- Low maintenance due to corrosion-resistant materials, reducing operational costs.
- Rapid operation supports efficient multi-point unloading in logistics and delivery.

Common Parameters
